

I want our Christian Radio Station, KLOVE, 89.1, to stay on the air here in Amarillo, TX. I work for USPS and drive over 75 miles a day on a rural mail route which takes 6 hrs. I have KLOVE on all the time. We have already lost 1 Christian radio station (replaced by Public Radio). It was a blow to our community and we don't want to lose KLOVE. KLOVE is safe for families, POSITIVE AND CLEAN, unlike the majority of radio stations. I support them financially with a monthly donation because I believe that what they provide is a good investment in our community, our nation, our families, and our society--they have counselors available 24 hrs a day--they have even saved lives over the radio. KEEP KLOVE ON THE AIR !! THANKS!!
